PROFILE

People & Culture professional with 4+ years across Internal Communication, Employee Engagement, Culture and L&D. I plan annual and quarterly engagement roadmaps with the CEO and managers, listen to employees before designing solutions, and translate insight into programs that support business priorities. I don't start by asking what activity to run – I start by asking what problem we are solving.

WHAT I BRING

Internal Communication

Leadership & change communication, multi-channel content, storytelling that turns updates into clear messages.

Culture & Engagement

Culture listening, engagement planning, recognition design, end-to-end programs from concept to measurement.

L&OD

Needs-based training design, facilitation, learning programs aligned with managers, change adoption.

EXPERIENCE

Employee Engagement Specialist

Apr 2024 – Sep 2026

Restaff – House of Norway · Norwegian IT staffing

ENGAGEMENT & CULTURE

- Propose, plan and deliver the annual and quarterly engagement roadmap; align and approve plans directly with the CEO and managers.
- Supported Culture Strategy 2026: culture listening, staff-manager perception-gap analysis, shaping 4 culture pillars.
- Turned the “We Care” value into tangible touchpoints: personalised birthday gifts, Men's Day, The Kindred Day (long-tenure recognition), CSR programs.
- Led company-wide events end-to-end (Company Birthday, Year End Party, Company Trip) – solo for smaller programs, coordinating teams and agencies for large ones.

LEARNING & DEVELOPMENT

- Built a Personal Development series (AI Sharing Sessions) within the annual plan: discovered needs with teams, sourced speakers, validated topics with managers, ran sessions end-to-end.

LISTENING & COMMUNICATION

- Designed employee listening: Culture Gap Survey, Monthly Pulse Check, and a two-track Retreat survey (attendees vs non-attendees).
- Ran multi-channel internal communication; supported sensitive communication through restructuring and benefit changes.

- Planned internal engagement: quarterly teambuilding, monthly birthdays, milestones; set up the first employee feedback loop.
